Biography

KARELLA

One of Canada's most soulful singers, Karella "DJ Diamond" Cummings delivers like no one else. A life time of singing and playing multiple instruments, and growing up listening to Calypso, R&B, Reggae, and Rock, has produced Karella's ability to adapt to multiple music genres including R&B/Soul, Soca, Reggae, and more.

She entered and won local singing competitions, as a soloist, and as a member of girl group 'Sweetness'. In 2001 she entered the Miss Black World Canada pageant where she competed against 30 women from all over Canada, and took home the award for Best Talent. She continued to perform at many events, pageants, and competitions throughout Canada, singing for dignitaries, government officials, and public figures.

Karella's interests in music lead her to learn how to play the flute, saxophone, bass guitar, keyboard, and the drums which she has played since the age of 12. She also studied Jazz, Tap, Ballet and Afro-Caribbean dance styles.

Still yearning for more in 2003 she created her alter ego DJ Diamond and started to play at weddings and private parties. Since then DJ Diamond has played at some signature events and nightclubs spinning every genre from Reggae to Pop to Country, and opening for many artists.

Inspired greatly by the rich culture, history, and family connections in Trinidad and Tobago Karella returned "home" to the birthplace of her parents to share her talents internationally. In addition to performing in casinos, resorts and hotels Karella earned a diploma in Sound Engineering and was awarded a trophy for the top student award. She began writing and producing songs for herself and other artists in many genres including Soca, Reggae, and R&B. She splits her time between Trinidad and Canada and she continues to create a unique blend of music that represents all aspects of her Trinidadian and Canadian culture.

She made her musical theatre debut in 2017 touring across Canada.

Karella has been the Edmonton Eskimos anthem singer since the 2019 season, and has sang anthems for the NHL (Edmonton Oilers), the NBA (Toronto Raptors), dignitaries, junior and minor league sports teams, and much more.

She continues to write and produce music while doing live shows, with her alter ego DJ Diamond playing the soundtrack and setting the mood for all kinds of events.
